

Social Media Promoting AI-Powered Features

We've provided images and copy for three social media posts to promote the AI-powered features of your offering. The images are sized to work for LinkedIn, X (Twitter), and Facebook.

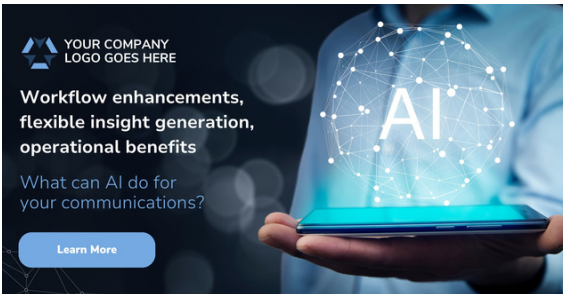

Social Post #1

Unlock the power of AI in your #phonesystem. <<link to your website>>

Social Post #2

Workflow enhancements, flexible insight generation, operational benefits—what can AI do for your #communications? <<Link to your website>>

Social Post #3

From call capture, to call assist, to advanced analysis, AI-powered #communications features increase employee productivity, improve customer experience, and deliver management benefits. <<link to your website>>
